## **Celebrate International Credit Union Day with Synergy**

Lloydminster, Sask. – Synergy Credit Union continues its year of celebrations with International Credit Union Day on Thursday, Oct. 18.

Each of Synergy's 10 branches are hosting events to thank its members for their continued support. This year, in conjunction with Synergy's 75<sup>th</sup> anniversary, there will be a special ProfitShares payout for members with Synergy PowerPack and SmartPack account and Synergy Youth accounts. That's in addition to the \$2.5 million that was paid out in the spring to members who reached a certain amount in their ProfitShares accounts.

"It's our way to say thank you to our dedicated members, whose support is the reason we have been successful for the last 75 years," said Synergy Credit Union CEO Glenn Stang. "We're proud of our long history. Throughout the year, and especially on Credit Union Day, it's important to highlight the credit union values and principles that form the foundation of the way we conduct business every day."

Credit unions are not-for-profit financial co-operatives guided by seven principles, including democratic control, social responsibility, and returning profits to members. On International Credit Union Day, Synergy Credit Union joins more than 217 million credit union members around the world in celebrating the people-first principles that have helped lift people out of poverty and strengthen communities all over the globe.

Everyone is invited to attend events at each of Synergy's branches, a full list can be found [here](#).
