Playground project receives boost from Synergy Credit Union

Synergy Credit Union is pleased to support a community hub in Paradise Hill.

Synergy is donating \$7,500 to the Paradise Hill Community Playground Project, which will be an asset to families in the village.

The completed project will include a playground, basketball court and a sliding hill. The project's completion will have substantial short- and long-term benefits for the community, including improving children's physical, mental, intellectual and social wellbeing.

"We're excited to contribute to a project that brings families together and increases the health of the members of our community," said Paradise Hill Branch Manager Curtis Dorner. "Playgrounds like this make the region a better place to live for everyone."

"Paradise Hill has so many young families that will benefit from this project for years to come," said playground committee member Raymonde Josuttes. "Studies show that play generates positive social and mental impacts on the brain that can be seen immediately and playgrounds like this contribute to that in this community."

The committee continues to fundraise for the project and anyone interested in contributing should contact Steven Turnbull at Paradise Hill School at 306-344-2055. The playground is expected to be completed by August 2019.
