

FINANCIALLY FORWARD

OUR ROOTS

Our story began almost 80 years ago as an answer to the needs of the people in the prairies. Over the decades, as technology progressed, we applied it towards setting and adopting innovative channels to make banking more manageable and accessible for the communities we serve.

OUR EVOLUTION

Times change, and so has the way we serve our members. From in-house experts at your local branch; to mobile banking that gives you banking access on the go; to the convenience of online banking that gives you the freedom to find and own your financial strength; to open banking – driven by the future digital technology. We are making it even easier for you to control your money.

OUR PROMISE FOR THE FUTURE

Remember how the people created Credit Unions to help each other and grow strong communities? Nothing about that has changed, and neither has Synergy Credit Union.

You can continue to look forward to better service driven by technology and stronger ties to the community.

Synergy Credit Union – driven by innovation, we will only get better. Past. Present. Future... Financially Forward.
