

ProfitShares

As a member-owner, when we profit so do you! Through our ProfitShares program, we've been sharing profits with our members since 1983. The more business you do with us on qualifying products, the bigger your share. ProfitShares is Synergy's profit sharing program, a benefit that distinguishes Synergy Credit Union from other financial institutions.

Expert Advisors

Our dedicated team of financial experts can help you grow and protect your money with a customized and collaborative approach. We have the expertise, experience and tools to assist in reaching your financial goals. Whether you are evaluating your investment strategy or looking for a complete review of your portfolio, our team is ready to help.

Community

We live here, we work here, we play here. Community is a big deal to us. We are proud to support local events, projects and programs that contribute to the social, economic and cultural vitalities of our communities.

We provide funding to community organizations that directly benefit our local region and staff actively volunteer their time. By investing in people and communities, we make a measurable impact on the quality of life in our communities while demonstrating commitment to being a strong corporate citizen and commitment to the co-operative principle of concern for community.
